El vidrio con estaño es el origen de su trabajo. Reinventa la técnica Tiffany creando un estilo simple, fresco y contemporáneo.

Stained glass is the origin of his work. Tiffany's technique revisited by creating a simple style, fresh and contemporary.

Depura, simplifica y se acerca aún más a un estilo actual con el vidrio adherido a metacrilato.

He expels, simplifies and gets even closer to a contemporary style with glass stucked to methacrylate.

La malla con silicona revoluciona y sorprende al mercado por sus volúmenes, texturas muy diferentes y posibilidades infinitas.

Silicone mesh revolutionizes and thrills the markets with volume, different textures and endless possibilities.

En el tablero marino sus cantos laterales con sus láminas van a la vista y cobran todo el protagonismo. Este material marca el inicio hacia diseños más sostenibles.

Plywood with its sides showing the panels in full view takes a leading role. This material issues the guidelines towards more sustainable creations.

Sigue explorando las posibilidades de tejer con distintos materiales recreando saberes ancestrales. La tela cobra volubtud y delicadeza.

Keeps on exploring the possibilities of weaving with different materials and recreates ancient flavours. The fabric gets voluptuousness and delicacy.

## arturo alvarez

**“el centro de nuestro trabajo es el ser humano con sus necesidades e intereses.”**

**“the center of our work is the human being with its needs and interests.”**

Arturo Álvarez siempre se ha propuesto sorprender e ilusionar.  
Sus diseños son muy originales pero cercanos.  
Siempre hechos a mano, por expertos y muy cuidados.  
Usar y mezclar materiales para crear otros nuevos y reinventarlos para otros usos es uno de sus sellos de identidad.  
Que el usuario pueda personalizar las lámparas eligiendo entre un abanico amplio de acabados es democratizar los diseños.

Arturo Álvarez's aim was always to thrill and excite.  
His designs are very original but close.  
Always carefully hand-made by experts.  
To use and mix materials to reinvent and create new ones is one of the key points of his identity.  
To be able to customize the lamp by choosing options from a wide range of finishes is to democratize design.

Nace LAB arturo alvarez, un laboratorio de ideas abierto a los diseñadores

En el año 2008, empujados por nuestra inquietud y constante búsqueda de la innovación, creamos LAB arturo alvarez, un marco nuevo, un laboratorio de ideas para dar cabida a la sensibilidad de otros diseñadores y también del propio Arturo Álvarez, conjugando el ingenio, la innovación y la experimentación técnica y formal con el estilo propio de nuestra empresa.

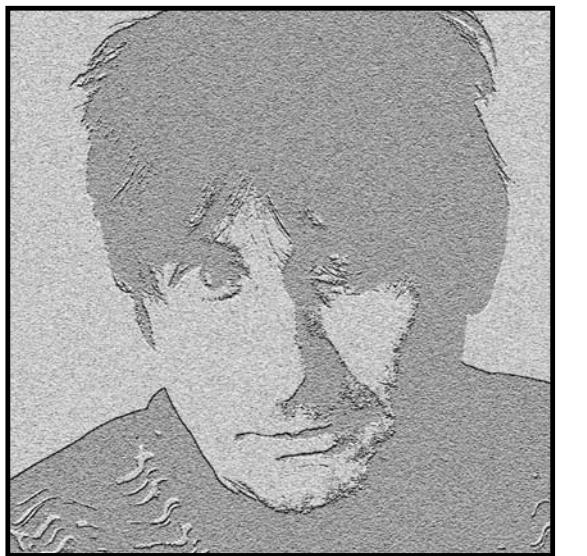

Queremos dar cabida al intercambio entre distintos profesionales, hablando, haciendo, disfrutando y dando rienda suelta a sus visiones sobre hacia dónde debe ir y como debe ser la iluminación decorativa y comercial actual. Es por esta razón por la que nace LAB, una nueva línea de arturo alvarez para ofrecer nuevas posibilidades a nuestros clientes.

LAB arturo alvarez is created, a laboratory of ideas open to designers

In 2008, driven by our own motivation and constant search for innovation, we created LAB arturo alvarez, a new setting, a laboratory of ideas to make room for the sensibilities of other designers in addition to Arturo Álvarez himself. Combining ingenuity, innovation and technical and formal experimentation with the style of our company.

We seek to create a space for different professionals to exchange ideas, talk, create and enjoy. Giving a free hand to their ideas about where decorative and commercial lighting should go and what it must be. This is the purpose of LAB, a new line of arturo alvarez, to offer our customers new possibilities.

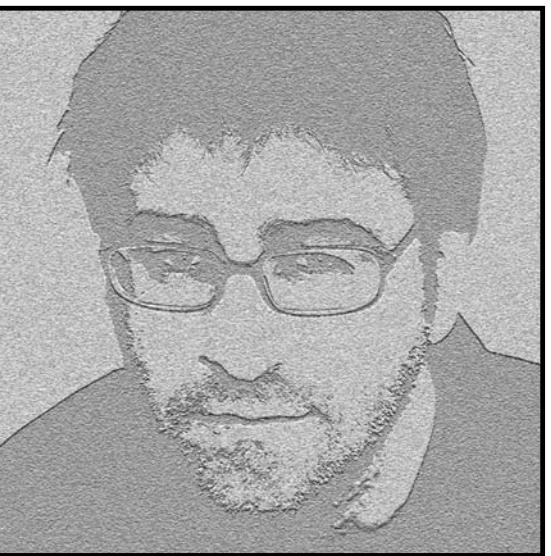

**Lab**  
arturo alvarez

## Arturo Álvarez

Es uno de los fundadores y motor creativo de la empresa que lleva su nombre. A lo largo de su carrera ha sido capaz de conectar con cientos de personas. El modelo Bety está en el Museo de las Artes Decorativas de Barcelona. Le conceden el prestigioso premio GOOD DESIGN en 2008 por el diseño Gea y en 2009 por Fluo.

He is one of the founders and the core engine of the company bearing his name. Along his career he has been able to bring together hundreds of persons. The Bety model is placed in the Museum of Decorative Arts in Barcelona. In 2008 he won the prestigious "Good Design" award for the design Gea and, in 2009, for Fluo.

## Héctor Serrano

Sus diseños rebosan frescura e innovación. Ha recibido varios premios como el "Premio nacional de Diseño. No aburridos" o el "Peugeot Design". Sus creaciones pueden verse en el V&A de Londres o en el Central Museum of Amsterdam entre otros. Realiza eventos e instalaciones singulares a lo largo del mundo.

His designs spread freshness and innovation. He received several awards such as "Spanish Design Award. Not bored" or "Peugeot Design". His creations can be admired at the V&A in London or at the Central Museum of Amsterdam. He organizes events and exceptional installations all over the world.

## El Último Grito

Rosario Hurtado y Roberto Feo. Experimentales, rebeldes y vanguardistas pero también sensibles y cercanos. Esto es palpable tanto en sus productos como en las instalaciones y exposiciones que hacen alrededor del mundo. Han ganado, entre otros, el "Red Dot Award" 2006 y 2010 en Lighting Design.

Rosario Hurtado and Roberto Feo. Experimental, vanguardist and rebels but also sensitive and nearby. This is evident in their products and facilities as making presentations around the world. They gained, among others, the Red Dot Award in 2006 and 2010 Lighting Design.

## Martín Azúa

Pura sensibilidad y creatividad. Convierte a cada uno de sus diseños en una pieza especial y única. Cuenta con una amplia participación en espacios, proyectos y exposiciones. Piezas suyas están en el MOMA de NY y en el "Vitra Design Museum". Ganó el "Delta de Plata 2007".

Pure sensitivity and creativity. Converts in a special and unique piece each of his designs. Counts with an extensive participation in spaces, projects and exhibitions. His pieces are in the MOMA of NY and in the "Vitra Design Museum." He won the "Delta de Plata 2007" ("Silver Delta Award").

## Matali Crasset

Polifacética, se reinventa cada vez, trabaja diseñando cosas muy pequeñas, muy grandes, realizando proyectos, creando espacios o publicaciones. Ha trabajado con gente tan diversa como Denis Santachiara o Philippe Starck. Ha expuesto entre otros en el Victoria et Albert Museum.

Versatile, she reinvents herself every time she works by designing little things, big things, carrying out projects, creating spaces or publications. She worked with such diverse people as Denis Santachiara or Philippe Starck. Among other exhibitions, she has exhibited at the Victoria & Albert Museum.

## Bertjam Pot

"Me fascinan los procesos de producción y las materias primas. Todo se hace partiendo de unas materias primas. Casi todos los diseños surgen de la experimentación con materiales, nuevos y antiguos. Sentir un producto es tan importante como su apariencia".

"My main fascination are materials and production processes. Everything is made out of raw materials. Almost all designs come from experimenting with materials, old and new. The way a product feels is just as important as the way it looks."

HL04 (Ø70x70 cm | h:150cm) (Ø27 3/4 x 27 3/4in | h:96in)

# HOLES

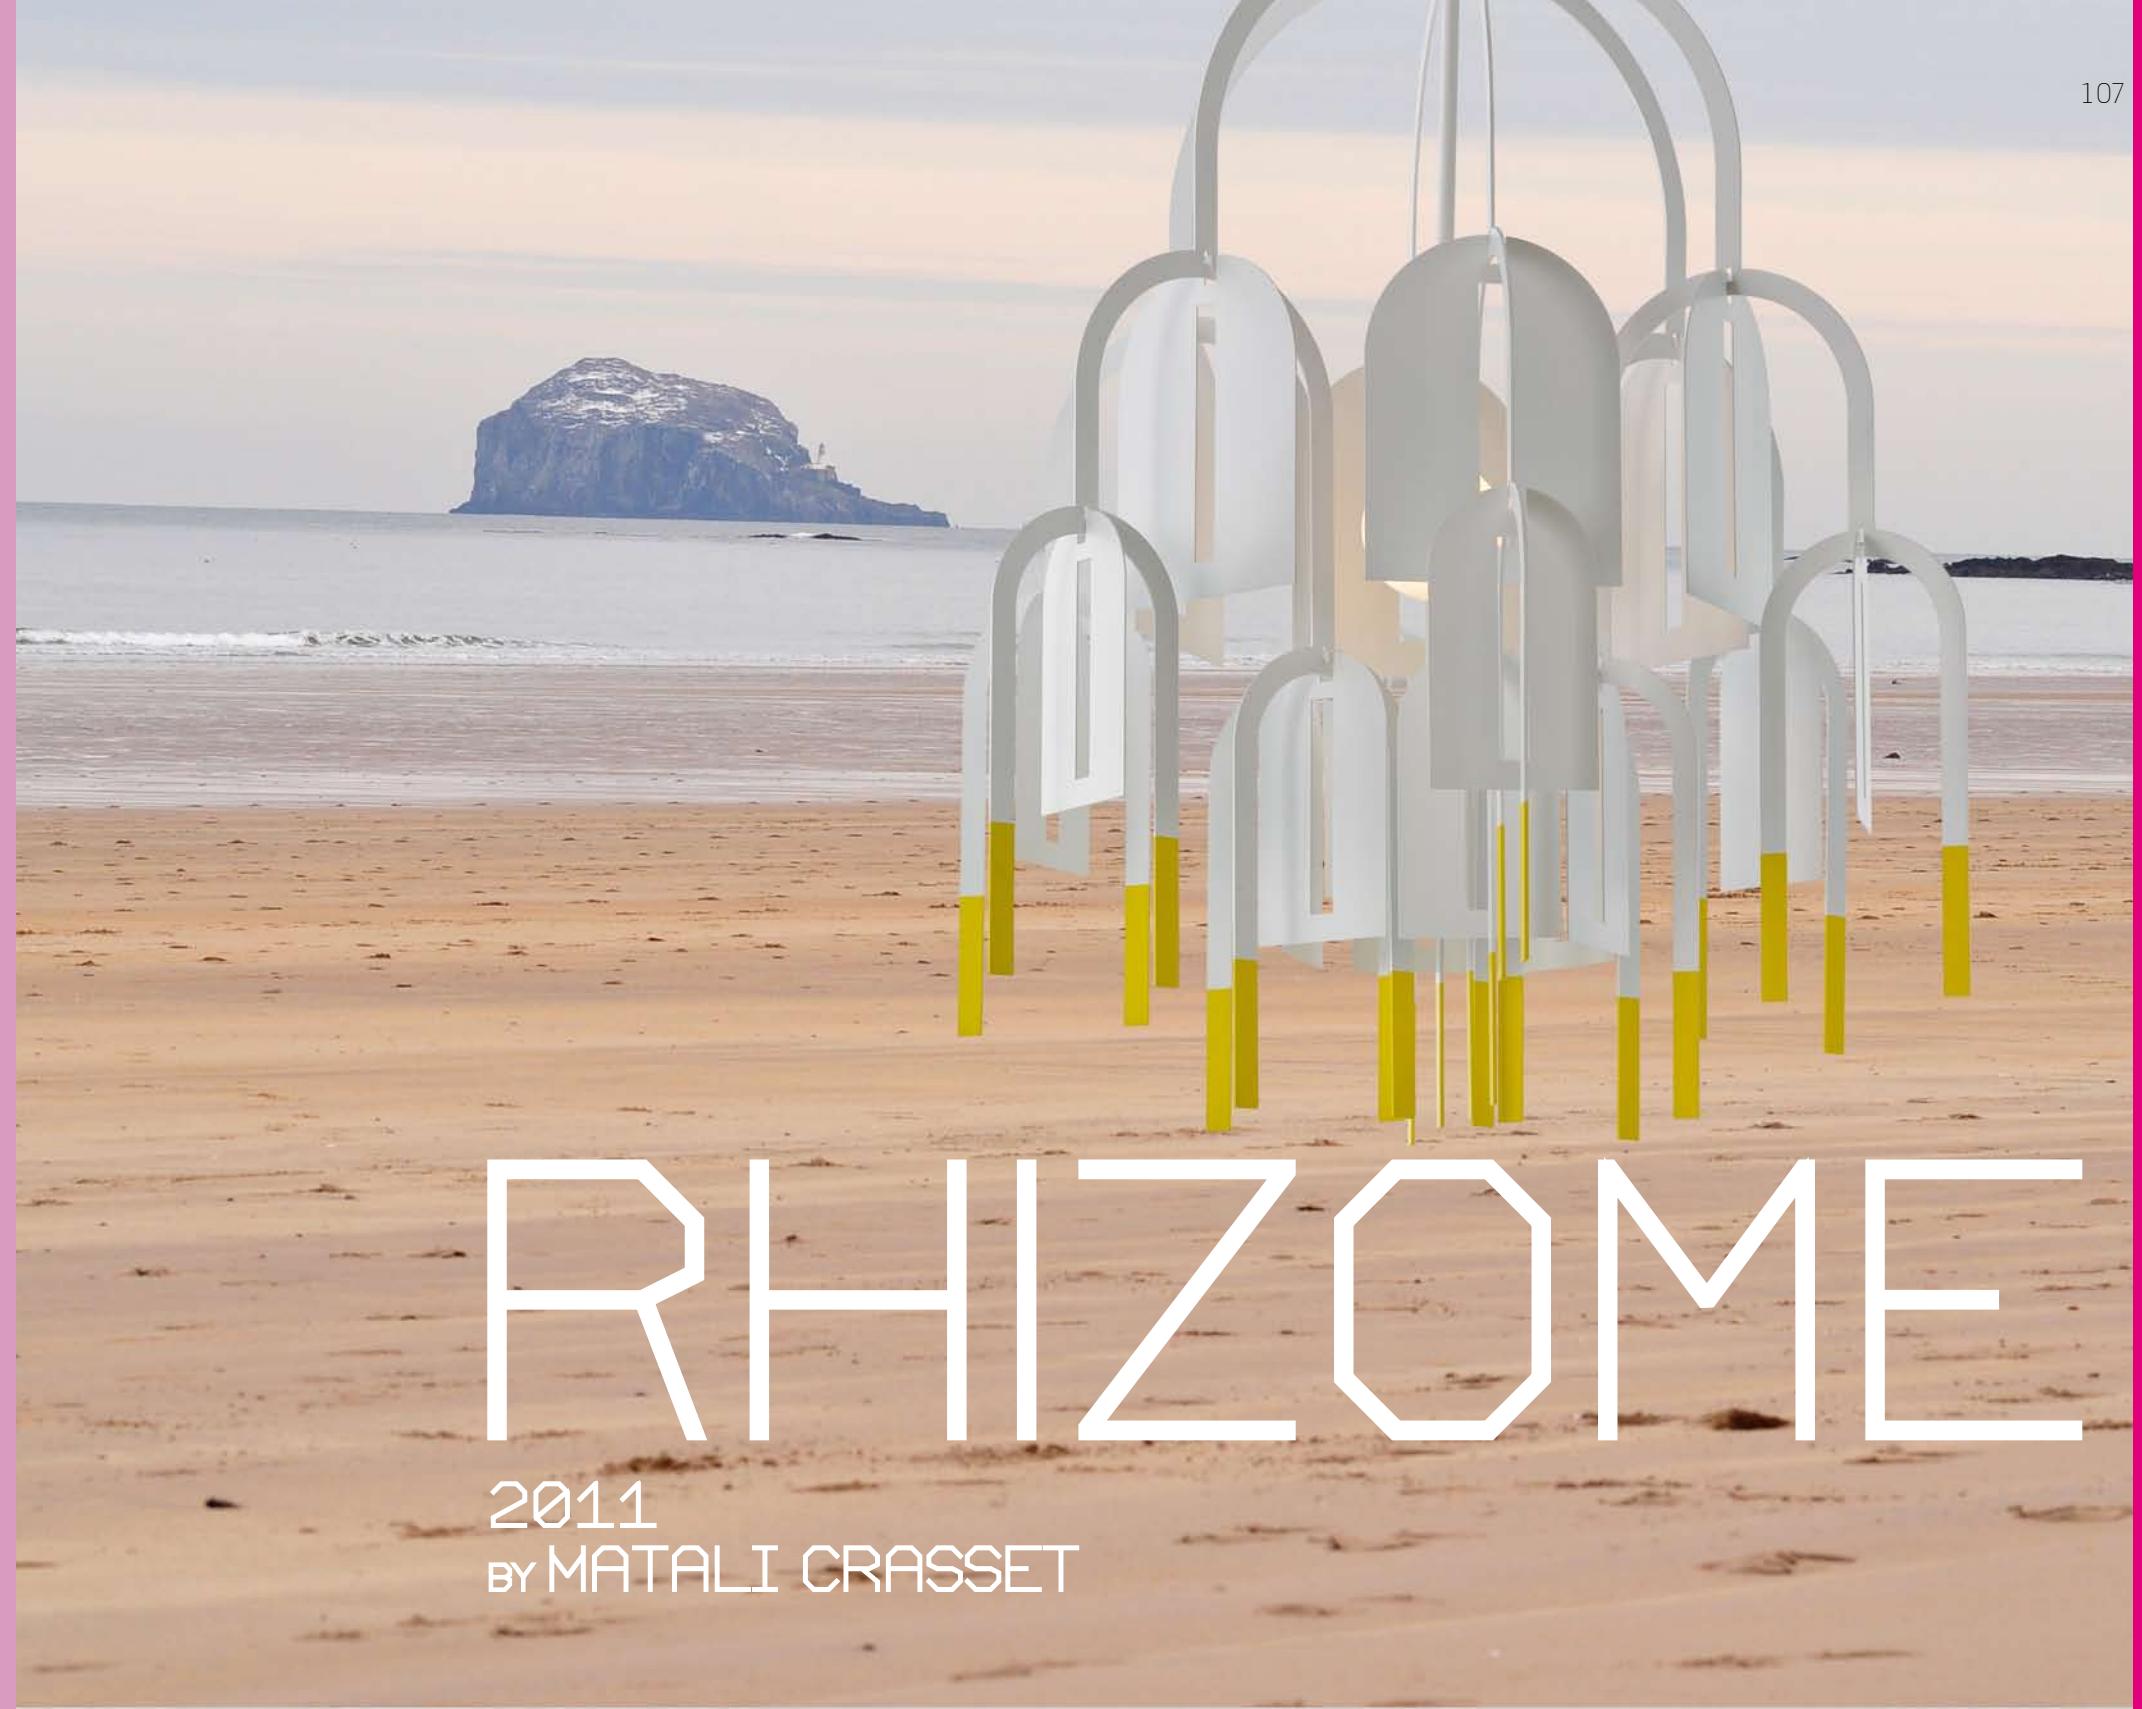

Lab

Inspirada en las cometas y las matemáticas es una luminaria hecha con 20 triángulos, 30 barras, 12 conectores y 57 pequeños agujeros. Un poliedro del que escapan muchos haces de luz que le dan vida y frescura.

Holes está hecha en Tyvek® un tejido no tejido, un material tecnológico, hecho a partir de fibras de polietileno, ligero, impermeable, alta resistencia a los desgarros y totalmente reciclable.

Inspired by kites and maths it is a light made out of 20 triangles, 30 bars, 12 connectors and 57 small holes. Lots of beams of light escaping from a polyhedron and giving it life and freshness.

Holes is made with Tyvek®, a non woven and technological material made from polyethylene fibers, lightweight, waterproof, with high tear resistance and completely recyclable.

# RHIZOME

Lab

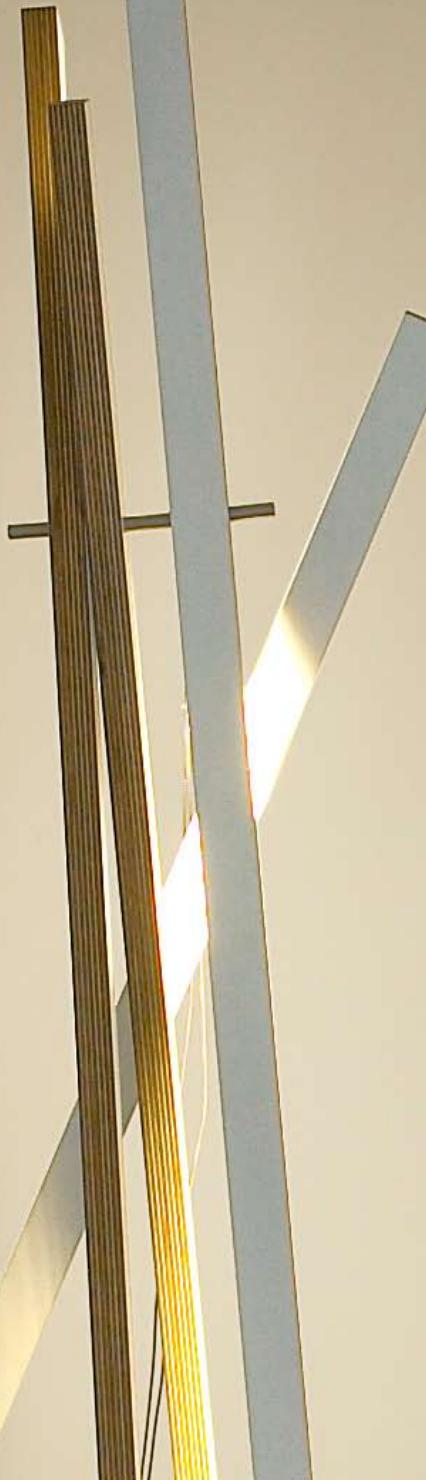

Una hoja de metal redistribuida en el espacio como un elemento móvil está inspirada en una estructura rizomática. El elemento base forma una suspensión en cascada partiendo de un punto central que a continuación se ramifica para difractar la luz de una forma sutil.

A metal plate distributed in the space like a mobile element. It is inspired by a rhizomatic structure. The base element forms a suspension waterfall shaped by starting from a central spot branched out in order to diffract the light in a subtle manner.

La fuente de luz está protegida por un corazón y desviada por unos paneles reflectores blancos generando un resplandor de luz. Las terminaciones amplifican el gesto de las ramificaciones, le da personalidad y un aire contemporáneo.

The lighting source is protected by a core and diverted by white reflecting panels that generate brightness. The endings amplify the gesture of the branches, give them personality and a contemporary flair.

**LEO3 (150x150x56 cm) (59 1/4x59 1/4x22 1/4 in)** **POSICIÓN HORIZONTAL | HORIZONTAL POSITION**

LE Lab

El pie recuerda ramas de árboles, a partir de tablero marino, se juntan de forma caprichosa, pero con una proporción calculada. Un aplique simple, que como una rama al viento, se mueve de muy diferentes maneras.

Un brazo móvil permite diferentes movimientos. El pie poniéndolo vertical da una luz ambiental y si lo colocamos horizontal ofrece luz para mesa de trabajo o lectura. La tecnología Led aprovechada en todo su potencial.

The base reminds of tree branches made with plywood, they get together in a fanciful shape but with a calculated proportion. A simple wall lamp that like a branch to the wind, moves on different ways.

A mobile arm allows different movements. Putting the base in vertical gives an ambience light and in horizontal a working or reading desk light. Led technology made the most of itself.

# WOODS

Lab

Inspirada en la magia de un bosque, la luz se deja ver entre sus majestuosos árboles. Su caos controlado y el juego de luz y sombra le concede naturalidad, carácter y una agradable luz directa donde se requiere.

Se adapta a grandes espacios. Un producto sostenible al utilizar abedul procedente de bosques controlados, un embalaje reducido y una fuente de luz de bajo consumo completan este concepto de sostenibilidad.

Inspired by the magic of a forest, the light escapes through its majestic trees. The controlled chaos and the game played by light and shadow gives naturalness, character and a pleasant direct light wherever required.

It adapts to large areas. A product in birch grown in responsibly managed forests, limited but safe enough packaging and an energy saving lighting source complete this concept of sustainability.

Lab

Los cuerpos celestes  
girando una y otra vez y  
nosotros con ellos, en una  
danza sin fin, sin tiempo.  
llena de armonía. La luz,  
caprichosa, se escapa por  
los espacios abiertos.

The heavenly bodies  
spinning around, time and  
again so we with them,  
in an endless dance,  
timeless, full of harmony.  
The light, fussy, escapes  
between the open spaces.

Tiras de polipropileno  
se trabajan de distintas  
maneras para lograr  
formas con volumen y  
gracia aportando unos  
diseños muy frescos y  
ligeros que tamizan la luz  
de forma cálida.

Strips of polypropylene  
molded in different ways  
to obtain large forms with  
volume and graceful. Very  
fresh and light designs  
which filter the light in a  
warm way.

2007  
BY HÉCTOR SERRANO

**VV04G** (Ø105x29 cm | h:200cm) (Ø41 1/2 x 11 1/2in | h: 96 in)

Una forma espacial, pero cercana y posible, que nos emociona y con la que nos identificamos, a través de lo extraordinario y fantástico.

A través de la tecnología de inyección de plástico se consigue una familia de luminarias que a través de sus lamas, combinadas de forma geométrica, nos sumergen en un mundo onírico.

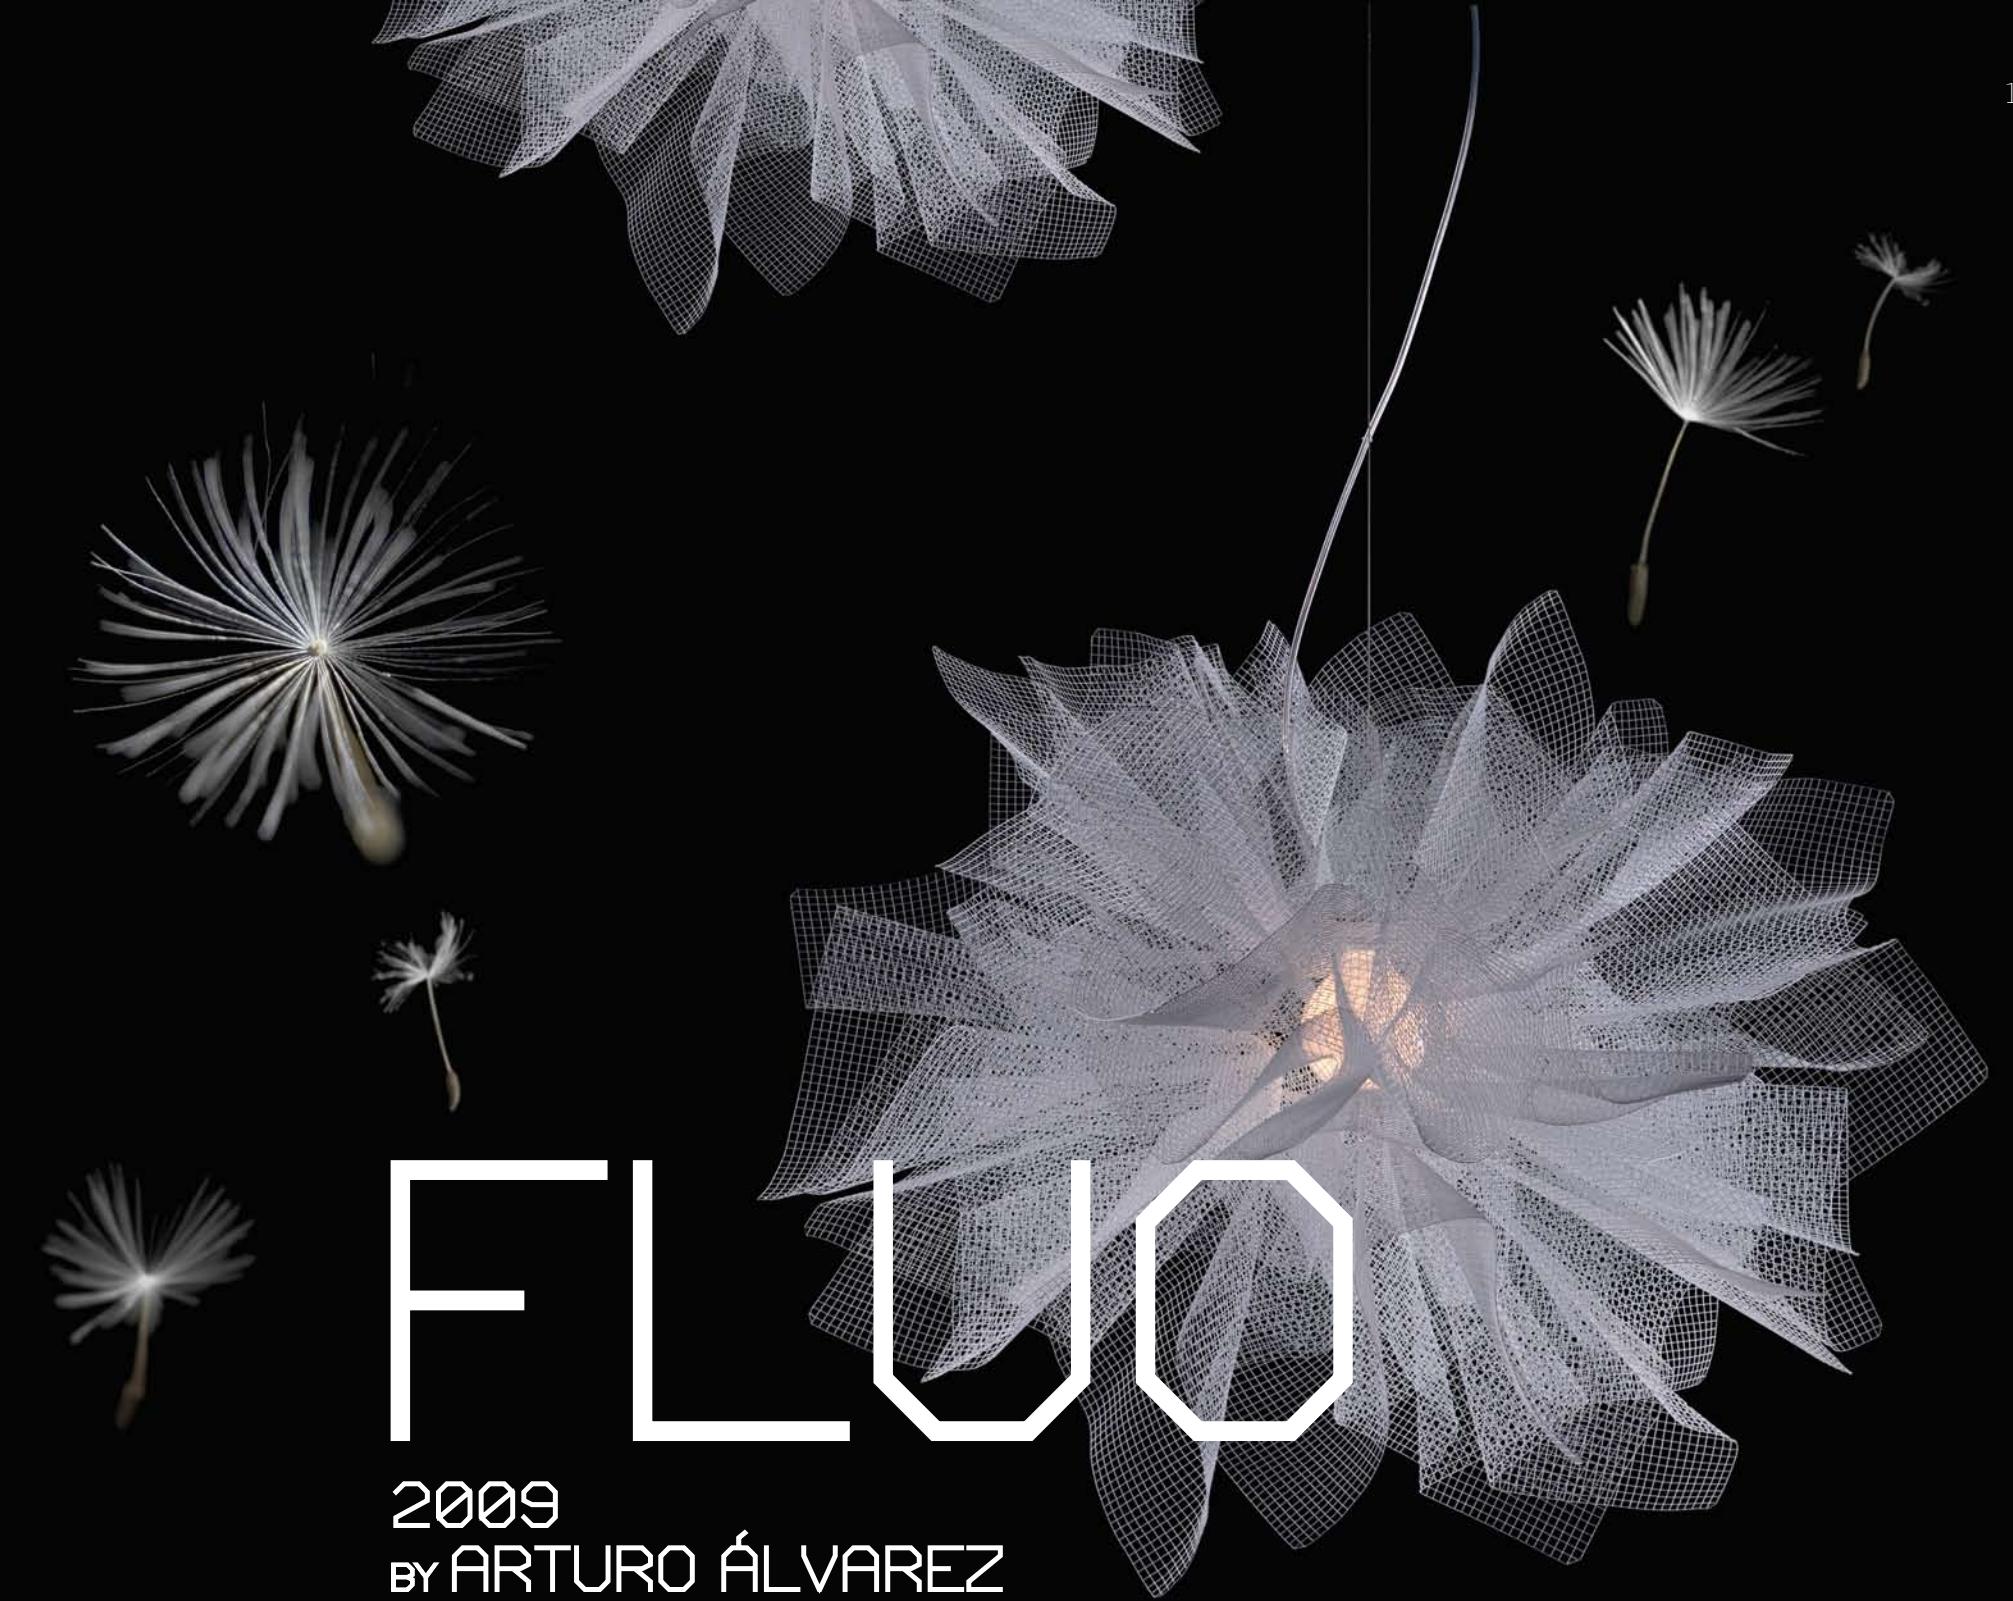

A shape that is spatial, yet near and tangible, that thrills and inspires a sense of identity through the extraordinary and fantastic.

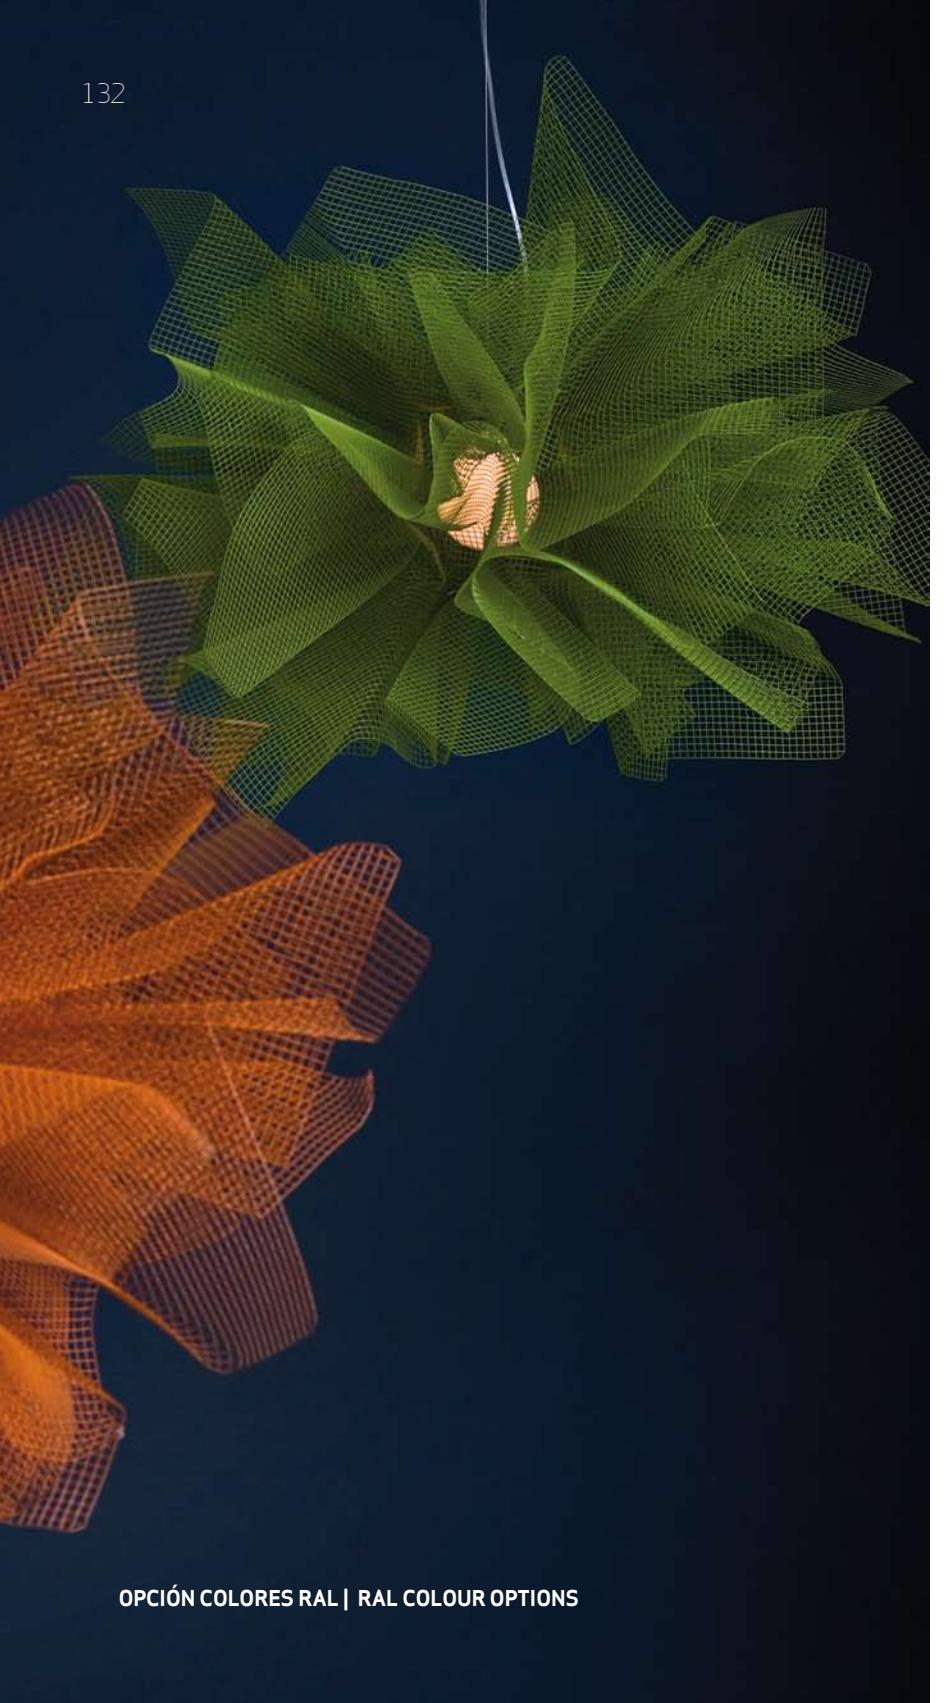

With the help of the plastic injection technology we developed a lighting collection which, through its ribs combined with the geometrical form, immerses us in a world of dreams.

GOOD DESIGN  
2009

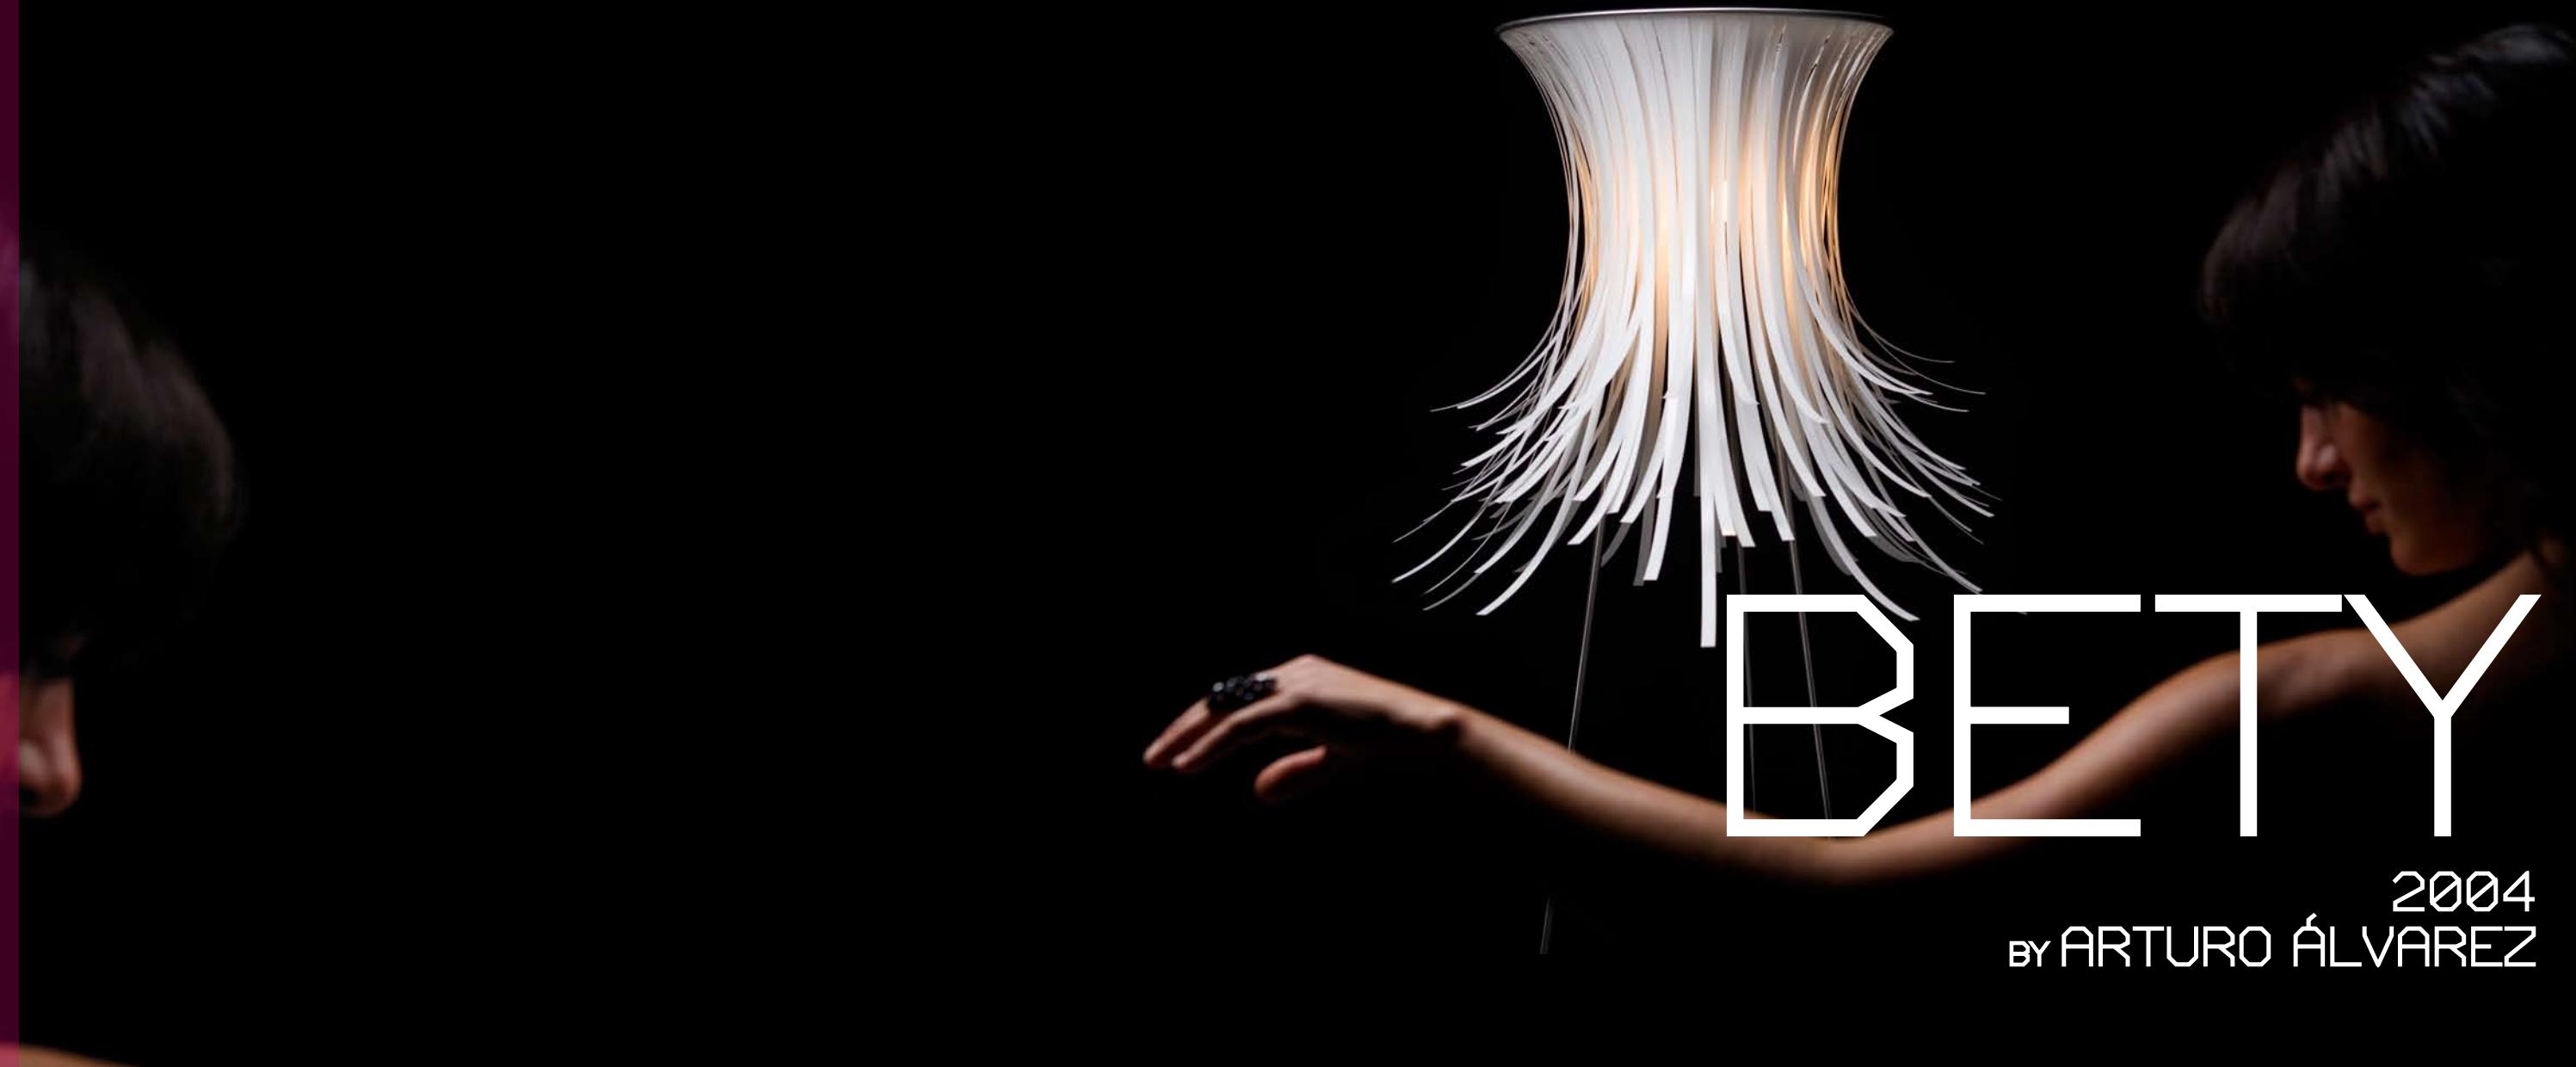

Ver o no ver, estar de forma sutil y mágica. Transparencias y volúmenes danzan juntos entrelazándose en un abrazo único e infinito. Un dejarse llevar, intuir y soñar.

A partir de una malla de acero electrosoldada reciclable y plana se consiguió un diseño contundente, translúcido y sutil, que a través de sus pliegues se llena de volumen y emoción.

To see or not to see, to be in a gentle and magical form. Transparency and volume dancing together intertwining in a unique and endless hug. Floating, sensing and dreaming.

From a stainless, electro-welded, recyclable and plain steel mesh, we obtained a forceful design, translucent and subtle ready to offer volume and emotion through its pleats.

reddot design award  
winner 2010

La fascinación de los claroscuros; la luz que juega con el observador, que encandila, que se mueve, que gira y que crea un magnetismo lleno de magia a su alrededor.

The fascination of the chiaroscuro, light that plays with the observer, charming them, moving, spinning and creating magnetism full of magic all around.

Todo sencillez, dos discos de metal tratado y pintado con un juego de rótula y piezas metálicas que permiten abatimientos y rotaciones que confieren gran funcionalidad a la pieza.

Full of simplicity, two treated and painted metal disks with a knuckle joint and metal pieces which allow rotations and up and downs so to give larger versatility to the piece.

GU06 (Ø45x9 cm) (Ø17 3/4 x 3 3/4 in)

IKI

2008  
BY ARTURO ÁLVAREZ

IKI  
Lab

Envolvente, suave y lúdica.  
Un ser orgánico, vivo,  
amable, que invita  
a ser tocado y observado.  
Su interior misterioso y  
oculto por momentos es  
traslúcido y brillante.

Enveloping, soft and fun.  
An organic, living, and  
kind being that invites you  
to touch and observe it.  
Its dark and mysterious  
interior at times is  
transparent and bright.

Después de dos años  
de investigación nace  
un nuevo material de la  
combinación de malla  
metálica con silicona:  
flexible, lavable,  
moldeable permite  
conseguir volúmenes  
increíbles.

After two years of  
research we obtained a  
new material from the  
combination of metallic  
mesh and silicone: pliable,  
washable, malleable so it  
allows to obtain amazing  
volumes.

LUA Lab

La técnica utilizada es el moldeo rotacional una innovación tecnológica a la que se ha buscado dotar de alma, funcionalidad y belleza. De tacto suave se vuelve cercana y llena de emoción.

The technique used is the slush moulding, an innovative technology which has been provided with soul, versatility and beauty. With a gentle touch, it turns closer and full of emotion.

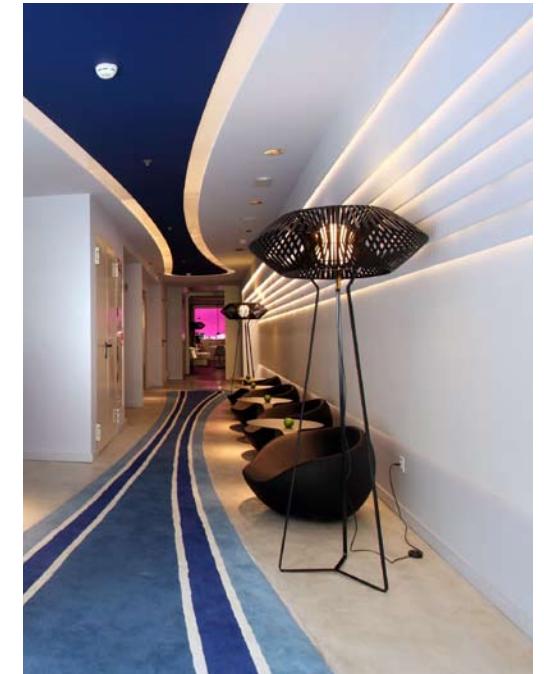

# contract

Trabajamos para dar soluciones lumínicas decorativas únicas y originales. Para entornos públicos o privados con muy diferentes estilos decorativos. Iluminamos los espacios aportando novedad y elegancia, potenciando o matizando el peso de focos y empotrables.

Personalizamos y adaptamos los diseños de catálogo y realizamos modelos especiales para ofrecer un toque personal, diferenciado y único a cada uno de los proyectos.

We work in order to provide with unique and original decorative lighting solutions to anyone, both for public and private environments with pretty different decorative styles. We illuminate spaces with newness and elegance, boosting or toning down the influence of spots and semi-recessed lamps.

We customize and adapt all the designs of our catalogue and develop special models to offer a personal touch, different and unique to every project

# leyenda de símbolos

## symbol index

 Luminaria homologada, cumple con la normativa CE.

Fitting is legally approved and comply with the European Mark CE.

 Con toma de tierra.  
With ground devices.

 Doble aislamiento y/o aislamiento reforzado en cada parte y sin toma de tierra.

Double insulation and/or reinforced insulation in every part and without ground devices.

 Aparato no adaptado para la instalación en superficies normalmente inflamables.

The device is not suitable for installation on normally inflammable surface.

 Premio otorgado por The Chicago Athenaeum: Museo de Arquitectura y Diseño.

As awarded by The Chicago Athenaeum: Museum of Architecture and Design.

 Con muy baja tensión de seguridad.  
With very low safety voltage.

 Luminaria diseñada para usar lámparas halógenas de volframio con pantalla de protección propia.  
Luminaire for use with tungsten halogen bulbs with own protection shield.

 These items comply with the Americans with Disabilities Act.

 For the USA, these items comply with the UL standard for Luminaires for dry locations under the UL file of Boutique Design Products, Inc.

 Premio otorgado por Design Zentrum Nordrhein Westfalen.

As awarded by the Design Zentrum Nordrhein Westfalen.

Los productos de este catálogo son reproducciones fotográficas impresas. Es posible que el color de las imágenes varíe ligeramente con respecto al color real.

The products in this catalogue are printed photographic reproductions. The colour of the pictures may slightly differ from the real colour.

Todas nuestras luminarias están hechas íntegramente a mano en España.

All our light fittings are totally handmade in Spain.

Las diferencias entre ellas y en los vidrios convierten a cada lámpara en única.

The differences found in our lamps and in the glasses with which they are made, make them unique.

Manteniendo las características básicas de los diseños, arturo alvarez se reserva el derecho a realizar las modificaciones que considere oportunas con el fin de mejorarlos.

While maintaining the basic characteristics of the product, arturo alvarez reserves the right to make modifications at any time with the sole aim of improvement.

Los componentes electrónicos tienen garantía por 2 años (excepto en USA).

Electric components have a two-year guarantee (except in USA).
